THE TREE TRIMMER LAW

To reduce the frequency of poor pruning practices, such as over lifting, rounding, flush cuts, stub cuts and hat racking. These practices can damage trees, reduce their aesthetic value and make them more prone to storm-related failure, creating hazardous situations.

TREE TRIMMER ENFORCEMENT

Broward County Permitting, Licensing and Consumer Protection vigorously enforces the Tree Trimmer Licensing Ordinance. Enforcement officers look for unlicensed tree trimmers and for tree trimmer crews working without a qualified person present on the job site. Violations are subject to a notice of violation, a citation and/or a "stop work" order. Citations may require a hearing before a hearing officer who can impose fines up to \$15,000.00 per violation, depending on the severity of the infraction.
