

CITY OF FORT LAUDERDALE

CREATING SAFER STREETS FOR EVERYONE!

Palm Aire Village West Mobility Master Plan Workshop IV

Thursday, January 21, 2016 | 7:00 PM - 9:00 PM

Emergency Operations Center (Fire Station #53)

2200 Executive Airport Way, Fort Lauderdale 33316

The City of Fort Lauderdale has been working with the neighbors in the Palm Aire Village West neighborhood to calm traffic and improve the pedestrian and bicycling environment! The City has received input from neighbors during the past three public workshops and is excited to present the final Master Plan. During this workshop, the City will review the plan and offer guidance on prioritizing projects. The City invites neighbors to attend this workshop to hear about the results of their efforts and share in this community-building event.

Please join us as we work together to build a fully connected neighborhood with streets and roadways that accommodate all types of users from pedestrians to bicyclists to transit riders and motorists!

If you would like additional information, please contact Karen Mendrala, Principal Planner, at (954) 828-3798 or kmendrala@fortlauderdale.gov.
